*Bridging Communities
and Enhancing Our Town*

IMPROVEMENT WORKS

As part of the Town Council's efforts to rejuvenate the town's amenities, the following upgrading works had been carried out:

1. Upgrading of Existing Multi-Purpose Hall at Block 23A Chai Chee Road
2. Upgrading of Existing Fitness Corner in front of Block 130 Geylang East Ave 1
3. Repainting of Blocks 10 & 12 Pine Close and Blocks 32, 34, 36, 42 & 54 Cassia Crescent
4. Upgrading of Playground at Block 29 Marine Crescent
5. Construction of New Covered Ramp & Linkway at Block 253 Serangoon Ave 3
6. Construction of Community Plaza near Block 4A Eunos Crescent

Braddell Heights Neighbourhood Renewal Programme Completion Ceremony

Residents of Blocks 231 to 237 Serangoon Avenue 3, and Blocks 253, 254, 254A, 261 to 263 Serangoon Central Drive can now enjoy better amenities following the completion of the Neighbourhood Renewal Programme (NRP) in the precinct!

This programme is implemented by the Town Council to promote a greener neighbourhood and a beautiful home for all to enjoy. Catered to residents of all ages, the new amenities include upgraded playgrounds, new fitness corners, sheltered ramps, rejuvenated landscapes and more seating facilities.

The completion ceremony was held in conjunction of the Yuan Xiao celebrations at Braddell Heights on 3 March 2018, at the amphitheatre next to Block 263 Serangoon Central. Residents were joined by Host MP Mr Seah Kian Peng in the fun-filled evening, with an entertaining line-up of stage performances.

Official Opening Ceremony of New Lift at Block 404 Serangoon Ave 1

We heard, we considered, we planned and we constructed!

Residents and members of the public can now enjoy barrier-free access from Block 404 Serangoon Ave 1 to the bus stop nearby following the completion of a new lift and link bridge in front of the block! The opening ceremony was held on 25 March 2018 and was graced by Host MP Mr Seah Kian Peng.

This project is under the Neighbourhood Renewal Programme (NRP) implemented by the Town Council to serve all Braddell Heights' residents and visitors better.

influenced the
MacPherson way of
today!

Don't forget to
bring out the past
the past about more past

1 CHUA SIAN CHIN

MacPherson Community Night 2018

It was a blast-from-the-past experience for many of the MacPherson residents who attended the MacPherson Community Night 2018 on 13 April 2018 at the Open Space behind Block 64 Circuit Road. This event was held to celebrate MacPherson's 50th Anniversary and was themed to bring the past back to life for the residents.

About 1,200 residents, young and old, turned up to participate in the festivities. Joining them in the celebration is Host MP, Ms Tin Pei Ling and Special Guest, Mr Lim Biow Chuan.

To recreate fond memories of the past, people from all ages got to reminisce the traditional kampung games like, Goli-goli, Tikam-tikam and Gasing (Spinning Top), or old-school carnival games such as, Ring Toss and Can Throw. The event also featured traditional snacks like Ice Ball and Malt Candy.

Residents were also able to commemorate the event by taking photos at two photo zones, made up of authentic props collected from the past to recreate a Five-Foot Way (五脚基) and a retro Barber Shop commonly seen in the olden days.

The MacPherson Heritage Exhibition was officially launched and displayed at the event. The exhibition showcases photos and interviews that speaks about the past, present and future of MacPherson. The week-long exhibition was also displayed at the MacPherson Community Club's Multi-Purpose Hall.

Old but Gold

Wrinkles are proof of a life full of smiles. But these are not just wrinkles. They are significant lines of their lives – each holding a memory, a laugh, a story, and their dedication to serve in MacPherson estate.

Let's take a walk down memory lane as we unravel the faces of these three young-at-hearts and express our appreciation to them for their contribution to MacPherson estate.

Mdm Tan Siew Har PBM Member of Citizens Consultative Committee & Community Emergency & Engagement Committee, MacPherson

Meet Mdm Tan Siew Har PBM, who has served MacPherson for the past 32 years... and counting!

Everything we do is for the residents. There are so many memories made throughout the past years of being involved in the grassroots. I still remember proposing a fitness corner between Blocks 61 and 62 Circuit Road to the Town Council when I was the Chairperson of Zone 'B' MacPherson. I was inspired by the physiotherapy equipment in hospitals and wanted to have a mini version here for the residents, especially the elderly. I'm glad the idea materialised! Seeing the young and old benefitting from the fitness equipment always make me revisit my purpose to serve the residents sincerely, with passion and dedication.

Mdm Tan's vibrant smile truly withstands the test of time!

Mr Mohamed Ali Bin Yusof Conservancy Worker, MacPherson

Patience and honesty are two qualities that I live by everyday, in all aspects of my life including my job. I always remind myself to have patience come what may, because challenges in life are inevitable. You have to work hard to get through whatever trials life brings you and be true to your work and your words. Only then can you enjoy the fruits of your labour.

Thank you, Mr Mohamed Ali for your gold advice. Funfact: He's been working in MacPherson estate for the past 17 years! If you see him around, do say Hi!

It is always nice to reminisce on the good old days. Here's a photo of Mr Ali back in 1985!

Mr Dicky Ong Grassroots Volunteer, MacPherson

Throughout my 20 years serving at MacPherson, I would always focus on fostering racial harmony. In the early days when each sub-committee in the Residents' Committee (RC) first started organising their respective festive events, i.e. Chinese New Year, Ramadhan, Hari Raya, Deepavali and Christmas, there weren't many participants. But over the years, the sub-committees began to weave in their ideas and worked on events together. Since then, the joint efforts drew more responses. Truly, when there's teamwork and collaboration, a lot of great things can be achieved – not only for the betterment of our estate, but also for various aspects in our lives.

Thank you, Mr Dicky Ong, and all grassroots volunteers, for making MacPherson a harmonious place to live in!

A heart that gives is always young. Here's a throwback photo of Mr Ong!

Serving the residents for 41 years in the Marine Parade Constituency is Emeritus Senior Minister (ESM) Goh Chok Tong. In this issue, we had a chat with him to find out what are his plans for the Marine Parade division and our residents.

Up Close with

Emeritus Senior Minister Goh Chok Tong

It has been 41 years and counting, since you are elected as the Member of Parliament in Marine Parade, what are some of the achievements of the Town that you are proud of?

When I first came to Marine Parade, I was struck by the new, well-laid out beautiful public housing estate. I fell in love with it. My vision was to make it the Best Home for the residents. Neighbours should know one another and residents must feel that they are living in a kampong or village. We are now a matured, closely-knit community but there is a constant inflow of new residents whom we should integrate into our kampong. Going forward, my new goal is the 4Gs tag-line – Great, Gracious, Generous, and Green. To me, these soft, human aspects are more important than the convenient physical facilities and amenities in Marine Parade.

There are many social services centres and programmes catered for the elderly and the needy within Marine Parade constituency. One example would be WeCare@MarineParade. In addition, we have seen the estate becoming more elderly-friendly with the improvements made through the Marine Parade Town Audits and introduction of the Silver Zone scheme.

Moving forward, how would you like to further improve the living environment for all ages in Marine Parade?

MRT coming to Marine Parade is a game-changer. I would like to see Marine Parade become a car-lite estate. Then we can have separate pedestrian paths and bicycles and PMD tracks. We should pay particular attention to the needs of the elderly and those in wheel-chairs. There must be more rest stops and gathering points for them.

Making the estate more inclusive for those with special needs is also my goal. The outdoor playground at Marine Cove, with special needs friendly equipment, is a good start.

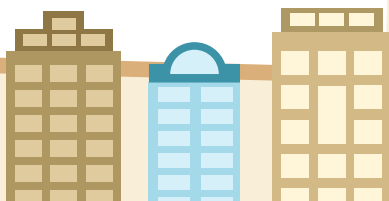

Graciousness, courtesy and considerateness are virtues which we must continue to inculcate.

Could you share your personal habits to keep fit and healthy with our residents as we can see you are very active in Marine Parade and participates in various events across our Town.

I eat, rest and sleep well. I think happy thoughts and cut out negative ones. I minimise stress. I exercise moderately – gym once a week, stretching routine almost every day, walks in parks and trails occasionally, and work-outs on tread mills. Attending community events also keeps me active and connected with friends and residents. Next to family, friends are important.

Holistically, what is your vision for the future of Marine Parade Town?

A vibrant Marine Parade Town. Physically, our Town will become older. Demographically, it certainly will. We must think of ways and means to ensure that our Town will remain vibrant and full of energy and life. Shops, malls, hawker centres, stalls, entertainment outlets must offer quality goods, food and services that make our Town alive and special. Again, go beyond physical conveniences, facilities and amenities. Design programmes that attract the young and old, and those in between. Make sure they cater to people of different abilities. Residents can play an active role to make the estate a caring one by looking out for their neighbours and stepping forward to help when needed. Make Marine Parade Town a life-style, 4G, caring home for all ages.

ESM Goh Chok Tong actively participates in community events such as litter picking activities, Cleaners' Appreciation Day, Town Carnivals, etc. During such events, he speaks with residents to better understand the issues on the ground. He also takes the opportunity to partake in the meaningful activities alongside residents held at these events.

To further improve the living environment of our residents, improvement works such as these in Marine Parade division were implemented based on the suggestions made by ESM Goh Chok Tong and through the feedback gathered from the residents.

≡ Catching up with the MPs

In this issue, we will bring you up to speed with some of the updates that you may have missed out on from the Facebook pages of your MPs!

Mr Tan Chuan-Jin

www.facebook.com/TanChuanJin1/

Screen grab of video from Facebook:
<https://www.facebook.com/TanChuanJin1/>

In celebration of Labour Day (1 May 2018), Mr Tan Chuan-Jin shared a video to thank all volunteers such as, the various Voluntary Welfare Organisations (VWOs) and government agencies, in Kembangan-Chai Chee for their hard work in making a difference in the lives of the residents.

“Thanking volunteers for their help and dedication. Many have laboured together in various capacities over the years and I thought it’d be good to register our thanks and for our residents to express theirs too! 😊

And to our partners, the professionals who work tirelessly, whether from VWOs or our Government agencies...THANK YOU!”

Mr Goh Chok Tong

www.facebook.com/MParader/

Mr Goh Chok Tong visited the Canossian Eduplex and Canossaville Preschool on 3 May 2018 to interact with the students. The schools cater to both children with special educational needs and no additional needs. In this post, he also thanked the hard work and efforts of the sisters and educators.

“Few know of the tremendous work done by the sisters and educators at Canossian, to teach and love these children and gradually bring them into mainstream classrooms with other kids. It is challenging but in their own words, hugely rewarding too.

In addition to government funding, they need more resources to do the extras. I will help. I hope more Singaporeans will too. Helping people with special needs bring out the best in them and in us too.”

Mr Lim Biow Chuan

<https://www.facebook.com/lim.bc.9>

On 26 May 2018, Mr Lim Biow Chuan shared on his Facebook, some of the activities that occurred during the Seniors Festival 2018. This festival aims to engage the seniors in a series of activities that allows them to mingle with others and pick up new skills.

“We prepared a host of activities to engage our seniors over the next few weeks. There are volunteers to teach the seniors on how to use the smart phone; lessons on making pizza, dumplings, and handicraft. There are also local tours, etc. This is the best time for the seniors to be engaged in activities and to age gracefully.”

Mr Seah Kian Peng

www.facebook.com/SeahKianPeng/

Mr Seah Kian Peng shared the news on his Facebook about the newly opened Dyslexia Association of Singapore (DAS) Centre at Block 411 Serangoon Central on 31 May 2018.

“ A DAS centre in Serangoon Central would provide much greater accessibility and convenience to our children here in the Serangoon area. I'm glad and honoured to officiate the official opening of DAS centre at block 411 Serangoon Central... The presence of a DAS centre in Serangoon will also bring greater awareness of #dyslexia and its related learning difficulties to our community. The DAS effort to reach out to the heartlands will help us become a more #inclusive community and the grassroots leaders here would be most happy to help DAS spread your message and create more understanding of children with learning difficulties. ”

Ms Tin Pei Ling

www.facebook.com/tinpeiling.official/

On 3 June 2018, at the Selective En bloc Redevelopment Scheme (SERS) exhibition for Blocks 81 - 83 MacPherson Lane, Ms Tin Pei Ling spoke to the residents and shared some of the queries and thoughts from the residents that she gathered on her Facebook.

“ Met a number of residents who came down for the guided tour and who came to make I-I enquiries. Residents are generally looking forward to getting new flats, though some of them have specific queries such as whether they can purchase a bigger flat to accommodate more family members. A few elderly also shared that they will miss this part of MacPherson, though they also look forward to the greater convenience and stronger eldercare network available at the replacement site (also in MacPherson). These are very understandable. My grassroots and I will also be reaching out to residents to see how else we can help, after HDB's exhibition ends tomorrow. ”

Associate Professor Fatimah Lateef

www.facebook.com/fatimah.lateef.7

In celebration of Singapore World Water Day on 11 March 2018, Public Utilities Board (PUB) and Geylang Serai Division co-organised the event to share water saving tips with the residents. Residents and Associate Professor Fatimah Lateef participated in the pledge to reduce their water consumption.

“ Every day we must practice water saving habits...it should be second nature to all, young and young at heart. ”

Mr Edwin Tong

www.facebook.com/edwintongchunfai

Mr Edwin Tong posted this selfie with some of the Muslim residents taken during the Harmony Iftar event on 27 May 2018.

“ Joined more than 4,000 Muslim friends and residents for Harmony Iftar earlier. They were all from the Marine Parade cluster, and all buka puasa together. I hope more non-Muslims can get to experience this, to understand that Ramadan is not just about fasting, but also to understand the purpose for which Muslims fast during this period. ”

THE BUILDING AND LANDSCAPE GURUS

Wall cracks along corridors and overgrown hedges? Not a problem! These are the people that tend to the biggest components of the Town – our buildings and the lush greenery surrounding your homes.

Here in Marine Parade Town, the safety aspects of the building structures and landscaped sites remain as one of our top priorities. To ensure that the living environment for all our residents is a safe one, we work alongside our building and horticultural contractors to ensure safety checks are done and tend to any defects.

Furthermore, our building and horticultural team enhance the aesthetics of our Town. We are continuously improving the amenities and landscaped areas to ensure that your neighbourhood stays vibrant and fresh, almost as good as new!

THE BUILDING TEAM

Our building contractors upkeep our living environment by carrying out maintenance, construction, repairs, alterations or additions to the common areas of our existing blocks or newly completed properties.

The team covers a wide array of repair works such as, repainting of common areas, maintenance of carparks, remedial works to external wall to prevent rainwater seepage and repairs of spalling concrete.

Together with the property team, they will also carry out checks to determine the structural integrity of the building to ascertain if the structure is safe.

Due to wear and tear, spalling concrete and cracks on ceiling and walls are sometimes inevitable. That is when our building team would come in to help mend these defects to make the estate look as good as new!

The team also helps to carry out minor repainting works in the common areas when there are cases of paint peeling or after carrying out repairs for any structural defects.

Our building team carries out concreting works such as constructing a concrete curb stone as shown in the photo. This is to help to prevent sand from being washed into the drains and causing chokages.

THE HORTICULTURAL TEAM

To truly ensure that our estates are clean and green, we carry out various horticultural maintenance works within the Town. Our horticultural team helps with the planting and maintenance of the lush greenery, such as trees, shrubs, foliage and other plants, in the estate.

Some of these maintenance works include:

- Fertilizing of trees and plants
- Watering of ornamental trees and landscaped sites
- Carrying out pest control on fruit trees
- Trimming/cutting/pruning of trees, hedges, climbers and creepers
- Grass cutting

These works are crucial to ensure that the trees and plants are healthy, which makes for a healthier environment for all. Our team aims to lessen the issues that may be caused by unkempt landscaping and take measures to ensure that the plants and trees are not safety hazards for the residents.

The hedges and shrubs in our Town are all nicely shaped and trimmed once every six months to ensure that the plants remain healthy and not overgrown.

Maintaining the green pastures in our neighbourhood is a crucial role for our horticultural team. They help to carry out grass cutting every month for parking surfaces and fortnightly for all other areas.

To mitigate the issues of overgrown branches and for the safety of our residents, the trees are also pruned and trimmed once every six months.

A Day in the Life of a Cleaner: A Community Immersion Programme for Youths

Seen a group of young ladies and gentlemen dressed in yellow, and sweeping your estate on 19 April 2018? Nope, those are not the new cleaners of the estate, but they are students from Ngee Ann Polytechnic, School of Humanities and Social Sciences.

They took over the cleaning tasks of our neighbourhood cleaners for a day in their bid to cultivate a sense of empathy, understanding and gratitude towards the unsung heroes – the cleaners of our community.

The students interacted with our cleaners and got to know more about their cleaning duties and to understand the hardships that the cleaners experienced. To truly understand what the cleaners goes through on a daily, the students spent the entire morning sweeping, mopping and wiping down the common areas.

We hope this experience would encourage more to be socially responsible and to upkeep the cleanliness and hygiene of the estate.

We are pleased to announce the top 3 winners of the Marine Parade Town Council Cleanest Food Centre Competition 2017!

The winners are

Blk 4A Jalan Batu

Blk 50A Marine Terrace

Blk 89 Circuit Road

**The winners are not in any particular order*

We would also like to thank the patrons for helping to upkeep the cleanliness of the food centres by returning their trays to the tray return stations and refraining from littering. With your help, we will be able to ensure a pleasant dining experience at all of our food centres!

HELP IS CLOSE TO YOU

If you or someone you know needs social assistance

Social Services Offices are set up by the Ministry of Social and Family Development (MSF) to bring social assistance closer to needy residents

Working with our community partners, we are here to help if you...

• **Need urgent financial assistance** • **Are low-income and looking for a job** • **Are unable to work**

What to bring along?

1. NRIC of all adults in household
2. Birth certificate of all children in household
3. Latest payslip/ employment letter/CPF statement
4. Updated bank account passbook/statements of all adults in household
5. Latest medical certificates/ letters of all adults in household, if applicable, stating if they are unfit to work, and the duration thereof
6. Marriage/ Divorce certificate
7. Latest employment/ termination/ retrenchment letter of all adults in household, if applicable
8. Latest power supply bill
9. Town Council book
10. Latest HDB statement

How to get there?

What Mr Lim is asking for?

VS

What Mr Lim's prospective employer is willing to offer?

Job Vacancy: Middle-level Position

TAPPING ON A WEALTH OF EXPERIENCE

How can Workforce Singapore's Career Support Programme (CSP) possibly come in to address the gap?

The CSP helps to close the salary gap. Based on Mr Lim's profile, (≥ 40 years and made redundant), should the employer be willing to pay Mr Lim \$6,000/month, the employer can receive up to \$21,600* in terms of salary support, for up to 12 months.

	First 6 months of employment	Second 6 months of employment
Mr Lim gets	\$6,000/month	\$6,000/month
Employer pays	\$3,600/month	\$4,800/month
Salary Support from Government*	$\$6,000 \times 40\% = \$2,400/\text{month}$	$\$6,000 \times 20\% = \$1,200/\text{month}$

*The quantum of salary support is tiered based on the job seeker's profile. All funding is on a reimbursement basis.

Will I lose my job after the salary support from the Government ends?

Workforce Singapore takes a serious view on employers who abuse the programme.

Singapore Citizen, Professionals, Managers, Executives and Technicians (PMETs) who are made redundant / and or unemployed and actively looking for jobs for six months or more can tap on CSP. For more information on CSP, please go to bit.ly/csp-mptc

C&W Services Singapore

is a fully integrated facility services, engineering solutions and energy management company.

Delivering for our clients

We customize service delivery models that align with clients' goals, offering cutting-edge technology and computerised solutions to optimize the quality, speed, and cost of operations.

C&W Services self-delivers 100% of our property management contracts, leveraging professional vendors to support IFM bids under our dedicated onsite teams to save cost and time.

We offer consistently high-quality service delivered by professionals with the experience, training, and credentials to keep our clients' facilities running smoothly.

Compliments

Ms Koh expresses her appreciation to our Senior Finance Officer, Mr Chua Han Meng, for the commendable service provided to her.

I wish to commend your staff Mr Chua Han Meng of the Finance department at the Serangoon Office for his excellent customer service and professionalism in attending to my problem.

He was patient, helpful, assuring and no query was too trifle for him. I didn't see the slightest impatience nor condescension when I questioned him over the billing.

In areas where he had jurisdiction he exercised it. At the end, my problem was speedily resolved and I left the office impressed with my encounter with Mr Chua.

Regards,
Ms Penny Koh

Mr Tang is appreciative of the efforts and service of our cleaner, Mr Chow Cheok Wah, in assisting residents and maintaining the cleanliness of the estate.

I want to send you an email of appreciation for the quick rectifications on the issues within the neighbourhood in Serangoon Avenue 3.

This new Chinese male cleaner taking care of Block 329 Serangoon Ave 3 is very courteous, greets the neighbours and does his job well with minimum noise.

I hope this email will be a good encouragement to all of you guys.

Sincerely,
Terence Tang

A resident from Chai Chee Road is grateful for the assistance rendered by our Property Manager, Mr Muhammad Ridzuan, for professionally and efficiently tending to her feedback.

I would like to bring to your attention that the team at Marine Parade Town Council, especially Property Manager, Mr Muhammad Ridzuan had left us a deep impression for doing a great job.

My first contact with him was some time back because of a few defects, such as spalling concrete and leaking from the new replacement water pipe, from the Home Improvement Project (HIP) Scheme.

As the HIP office was no longer around and unsure of who was in charge, I sought his assistance to refer my case to the relevant department. He had promptly assisted to forward my requests to the relevant department to look into the matter and doing his very best to check in with them to ensure things are being followed-up.

Common areas issues that were reported to him (e.g. spalling concrete and leaking water pipe) at the corridor area are always being rectified within 48hrs.

Every time I thanked him, he would humbly say – "Miss, I am just doing my job." He went the extra mile to ensure things are being done properly.

He displayed professionalism in his line of work, he is patient, showed empathy by looking at things in another perspective and serving residents with a heart – That's something we felt.

On one occasion he replied to my email during his urgent leave to update me that he will follow up when he is back to office. He is definitely an asset to our neighbourhood.

Once again, I would thank everyone in Marine Parade Town Council for doing a wonderful job.

I'm very grateful to know that my estate has a wonderful leader like your good self – Ridzuan and team. I only want to say, thanks everyone, especially Mr Ridzuan.

Kind regards,
Resident from Chai Chee Road

The MPs of Marine Parade Town,
together with all of us here at
Marine Parade Town Council wish
all residents a joyous celebration!

Happy 53rd National Day!
